There are more than 21 million FFVs on the roads today including: compacts, sedans, minivans, trucks, and SUVs. American automakers are producing new vehicles each year.

Finding an Ethanol Blend

There are approximately 3,600 retail stations offering these ethanol blends across the country. There’s probably one closer than you realize! Visit our website at www.E85prices.com or use our mobile app.

If you don’t own an FFV, please consider one when you purchase your next vehicle. However, you can still use ethanol today! You can use E10 in all vehicles and E15 in all vehicles model year 2001 and newer.

• Check your fuel door.
• Look for a yellow gas cap.
• Look for a yellow fuel filler badge.
• Check your fuel door make sure you have an FFV.

Before you fill your tank with a flex fuel blend, make sure you have an FFV.

Submit your E85 price at E85prices.com or our mobile app for a monthly chance to win a $100 fuel gift card.

Benefits of Higher Ethanol Blends

• Ethanol can help lower the price of a gallon of fuel.
• Ethanol increases horsepower and octane.
• Ethanol reduces engine knocking and ping.
• Ethanol helps keep your engine clean by reducing fuel system buildup.
• Ethanol helps prevent gas line freezes in the winter.
• Ethanol burns cleaner, reducing greenhouse gas emissions by up to 51%.
• American Ethanol supports over 357,400 jobs across the economy. Jobs cannot be outsourced.

Before you fill your tank with a flex fuel blend, make sure you have an FFV.
